MEMORANDUM FOR: Mr. Richard Lehman
Director, OCI

SUBJECT : Expression of Appreciation

1. I have been remiss in not writing at the first of the week to express formal thanks and appreciation for the typically outstanding job that your production people did in getting out the Group C study sent to the White House last Friday (10 November) and to the other WSAG principals on Monday (13 November). John Heidemann, Shef Barnes and all the others went considerably beyond even their normal, impressive standard of excellence.

2. As events have developed, the paper they produced was indeed an important one which will have a direct impact on a great deal of our professional activity over the months ahead. Would you please convey my thanks and appreciation to all who had a hand in this formidable production effort and who helped make it possible for us to meet our tight deadline with such a visually impressive product.
